

Adventurer's Guide to Noosa - Years 8, 9 & 10

DATES: Wednesday 2 November to Friday 4 November 2022

Description: This program is designed to challenge the students in developing a growth mindset whilst participating in an adventure based learning program. There will be plenty of opportunities for the students to step outside their comfort zone, try new activities and connect with others. Whilst being based out of the Noosa Sea Scout Camp grounds, we will explore the natural environment via different modes of travel and help each other along the journey.

Program Aims:

- To engage with other Faith students; work as a collective or team; making new connections and sharing various roles and responsibilities that go along with a journey based expedition..
- To provide an adventure-based learning experience that links with the Health and physical Education Curriculum and provide 21st century learning opportunities for students to develop various general capabilities.
- To explore and inquire into the natural area, explore fauna and flora at different sites and make connections as to how the different environmental cycles affect the local environment.

Dates: Wednesday 2 November - Friday 4 November 2022

WHAT STUDENT HAS TO BRING ON SCHOOL CAMP

All School Camp Programs will have the students engage in various adventure based learning activities where they will be outside and could get dirty. We recommend that they don't come away on camp programs in new or expensive clothing, old comfortable clothes are preferable. If you don't have any items on the list, borrowing from friends or neighbours could be the first option rather than purchasing new stuff.
